WHAT'S ON
AT

WELCOME

Welcome to the Summer Edition of the Home Focus Pimpama Lifestyle Magazine!

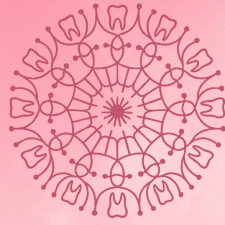

At Home Focus Pimpama, we're more than just a shopping destination, we're your place for inspiration, connection, and convenience. Perfectly located just off Exit 49 of the M1, our centre is quickly becoming South East Queensland's go-to hub for all things home, lifestyle, and wellbeing.

Whether you're planning a renovation, refreshing your interiors, focusing on your health, or simply looking for a place to catch up with friends, Home Focus Pimpama has something for everyone. From trusted names like Bunnings, home to Australia's first new concept kitchen design centre, to expert lighting advice at Beacon Lighting, and beautifully curated homewares at Pillow Talk, every visit brings fresh ideas and helpful faces. Plus, with wellness destinations like Pilates & Co, trusted barbering at Black Fox Barbers, and a variety of health-focused services, it's easier than ever to look and feel your best.

This magazine has been created with you in mind, to showcase the people, places, and possibilities waiting for you at the centre. So grab a cuppa, take a moment for yourself, and flick through to discover everything Home Focus Pimpama has to offer this summer.

The Wellness Within your Smile

ALIGN & CO.
ORTHODONTICS

Confidence, comfort,
and whole-body
wellness begins with a
smile that's aligned,
refined, and uniquely
yours.

In today's wellness-driven world, we talk a lot about diet, exercise, and mindfulness. **But one powerful contributor to overall wellbeing is often overlooked: your smile.** Orthodontics, the art and science of aligning teeth and jaws, is no longer just a teenage rite of passage. It's a life-changing experience available to people of all ages, and its impact goes far beyond aesthetics.

More Than Just Straight Teeth

Modern orthodontics is about more than just creating a picture-perfect smile. Yes, aligned teeth look great, but the real magic lies in how they make you feel and function.

A straight smile improves the way your teeth bite together, which can reduce strain on your jaw muscles, improve chewing efficiency, reduce wear on your enamel, and even help with speech. This functional harmony can prevent long-term issues like TMJ disorders, uneven tooth wear, and even some digestive problems caused by poor chewing.

The Psychology of a Smile

Our smile is one of the first things others notice about us and one of the most powerful tools we have for communication and connection. Yet many people go through life hiding theirs. Whether it's a crooked front tooth, a deep overbite, or crowding that makes oral hygiene difficult, dental misalignments can cause emotional and social discomfort.

Adults who finally decide to undergo orthodontic treatment often describe it as liberating. Teenagers report better social engagement and a boost in self-esteem during critical years of identity-building. And for children, early orthodontic care can prevent future issues, making their journey smoother and more positive from the start.

Confidence isn't just a buzzword, it has real consequences. Studies have linked improved self-esteem to better career success, stronger relationships, and reduced anxiety. Straightening your smile can, quite literally, change your outlook on life.

Wellness Beyond the Mirror

Investing in your smile isn't just about looking good. It's about feeling good, functioning better, and stepping into the best version of yourself. Straight teeth and a functional bite support better oral hygiene, reduce the risk of gum disease and cavities, and make everyday activities like speaking and eating more comfortable.

Orthodontics is wellness. It's the alignment of health, function, and self-confidence, all visible in something as simple and powerful as a smile.

So, whether you're 7 or 70, it's never too early or too late to take the step toward a healthier, happier you. Because when your teeth are in alignment, your whole self begins to shine.

Our mandala-inspired logo represents harmony, intention, and balance. These values guide every smile we design. Just as every mandala is unique, so is every smile journey at Align & Co.

Wellness Starts with a Smile

Invest in your smile and discover alignment not just in your teeth, but in your life. Because when your smile is balanced, so is your confidence, comfort, and connection to this world.

At Align & Co. Orthodontics, we offer a range of treatment options tailored to every lifestyle and smile goal : from virtually invisible clear aligners (Invisalign and Angel Aligners) to traditional metal and clear ceramic (3D lightforce) braces. Whether you're after something discreet or prefer the traditional/esthetic braces, our team designs each treatment with comfort, confidence, and efficiency in mind , so you can smile through every stage of your journey.

Adventure **AWAITS** in Pimpama

Opened this spring, 4WD Supacentre brings its deeply rooted Australian adventure expertise to the northern Gold Coast. Australian owned and operated, 4WD Supacentre offers premium Adventure Kings 4WD camping gear and adventure ready accessories, all at excellent prices designed to get you out there for less.

Since launching in 2012, the brand has grown rapidly, with the new Pimpama store marking the opening of their 38th showroom across Australia.

Home to the beloved Adventure Kings brand, 4WD Supacentre is a market leader in everything from 12v lithium batteries, portable fridges, swags, awnings, rooftop tents and more! Their new showroom features interactive lifestyle displays to inspire your dream setup, so be sure to drop in and have a chat with their friendly team who can help you bring it to life.

Whether for a weekend getaway, a rugged outback adventure, or a backyard BBQ, 4WD Supacentre at Home Focus Pimpama will be your new go to for gear that is useful, reliable and adventure ready.

Why are my children's teeth important?

Even though baby teeth get replaced eventually, they are still important for:

- Chewing & Nutrition
- Space Maintenance & preventing crowding in adult teeth
- Appearance and confidence
- Preventing toothaches and infections
- Overall Health and Development

At Dental In Focus, we make every visit a positive and comfortable experience for children. Our gentle approach helps little ones feel at ease while we check their teeth for healthy growth and development. By catching problems early, we can prevent bigger issues in the future and set your child up for a lifetime of confident, happy smiles!
